

Leaf Bag Adapter Kit

Model 6881 Installation Instructions With Parts List

Leaf Bag Kit is used with Models 6880 and 6881 Grass Bag Kit.

INSTALLATION

1. Position the end of the extension rod with the 90° bend, through the lower or smaller diameter hole of the upright leg of the bag hanger assembly. Insert the end of the extension rod through the hole in the bag hanger assembly and secure with 3/32 x 3/4 cotter pin. See sketch.

2. Place the hooks of the smaller diameter ring into the holes of the ring support in the center of the bag hanger assembly. Be sure to position the ring into the slots of the ring support. Secure with 3/32 x 3/4 cotter pins. See sketch.

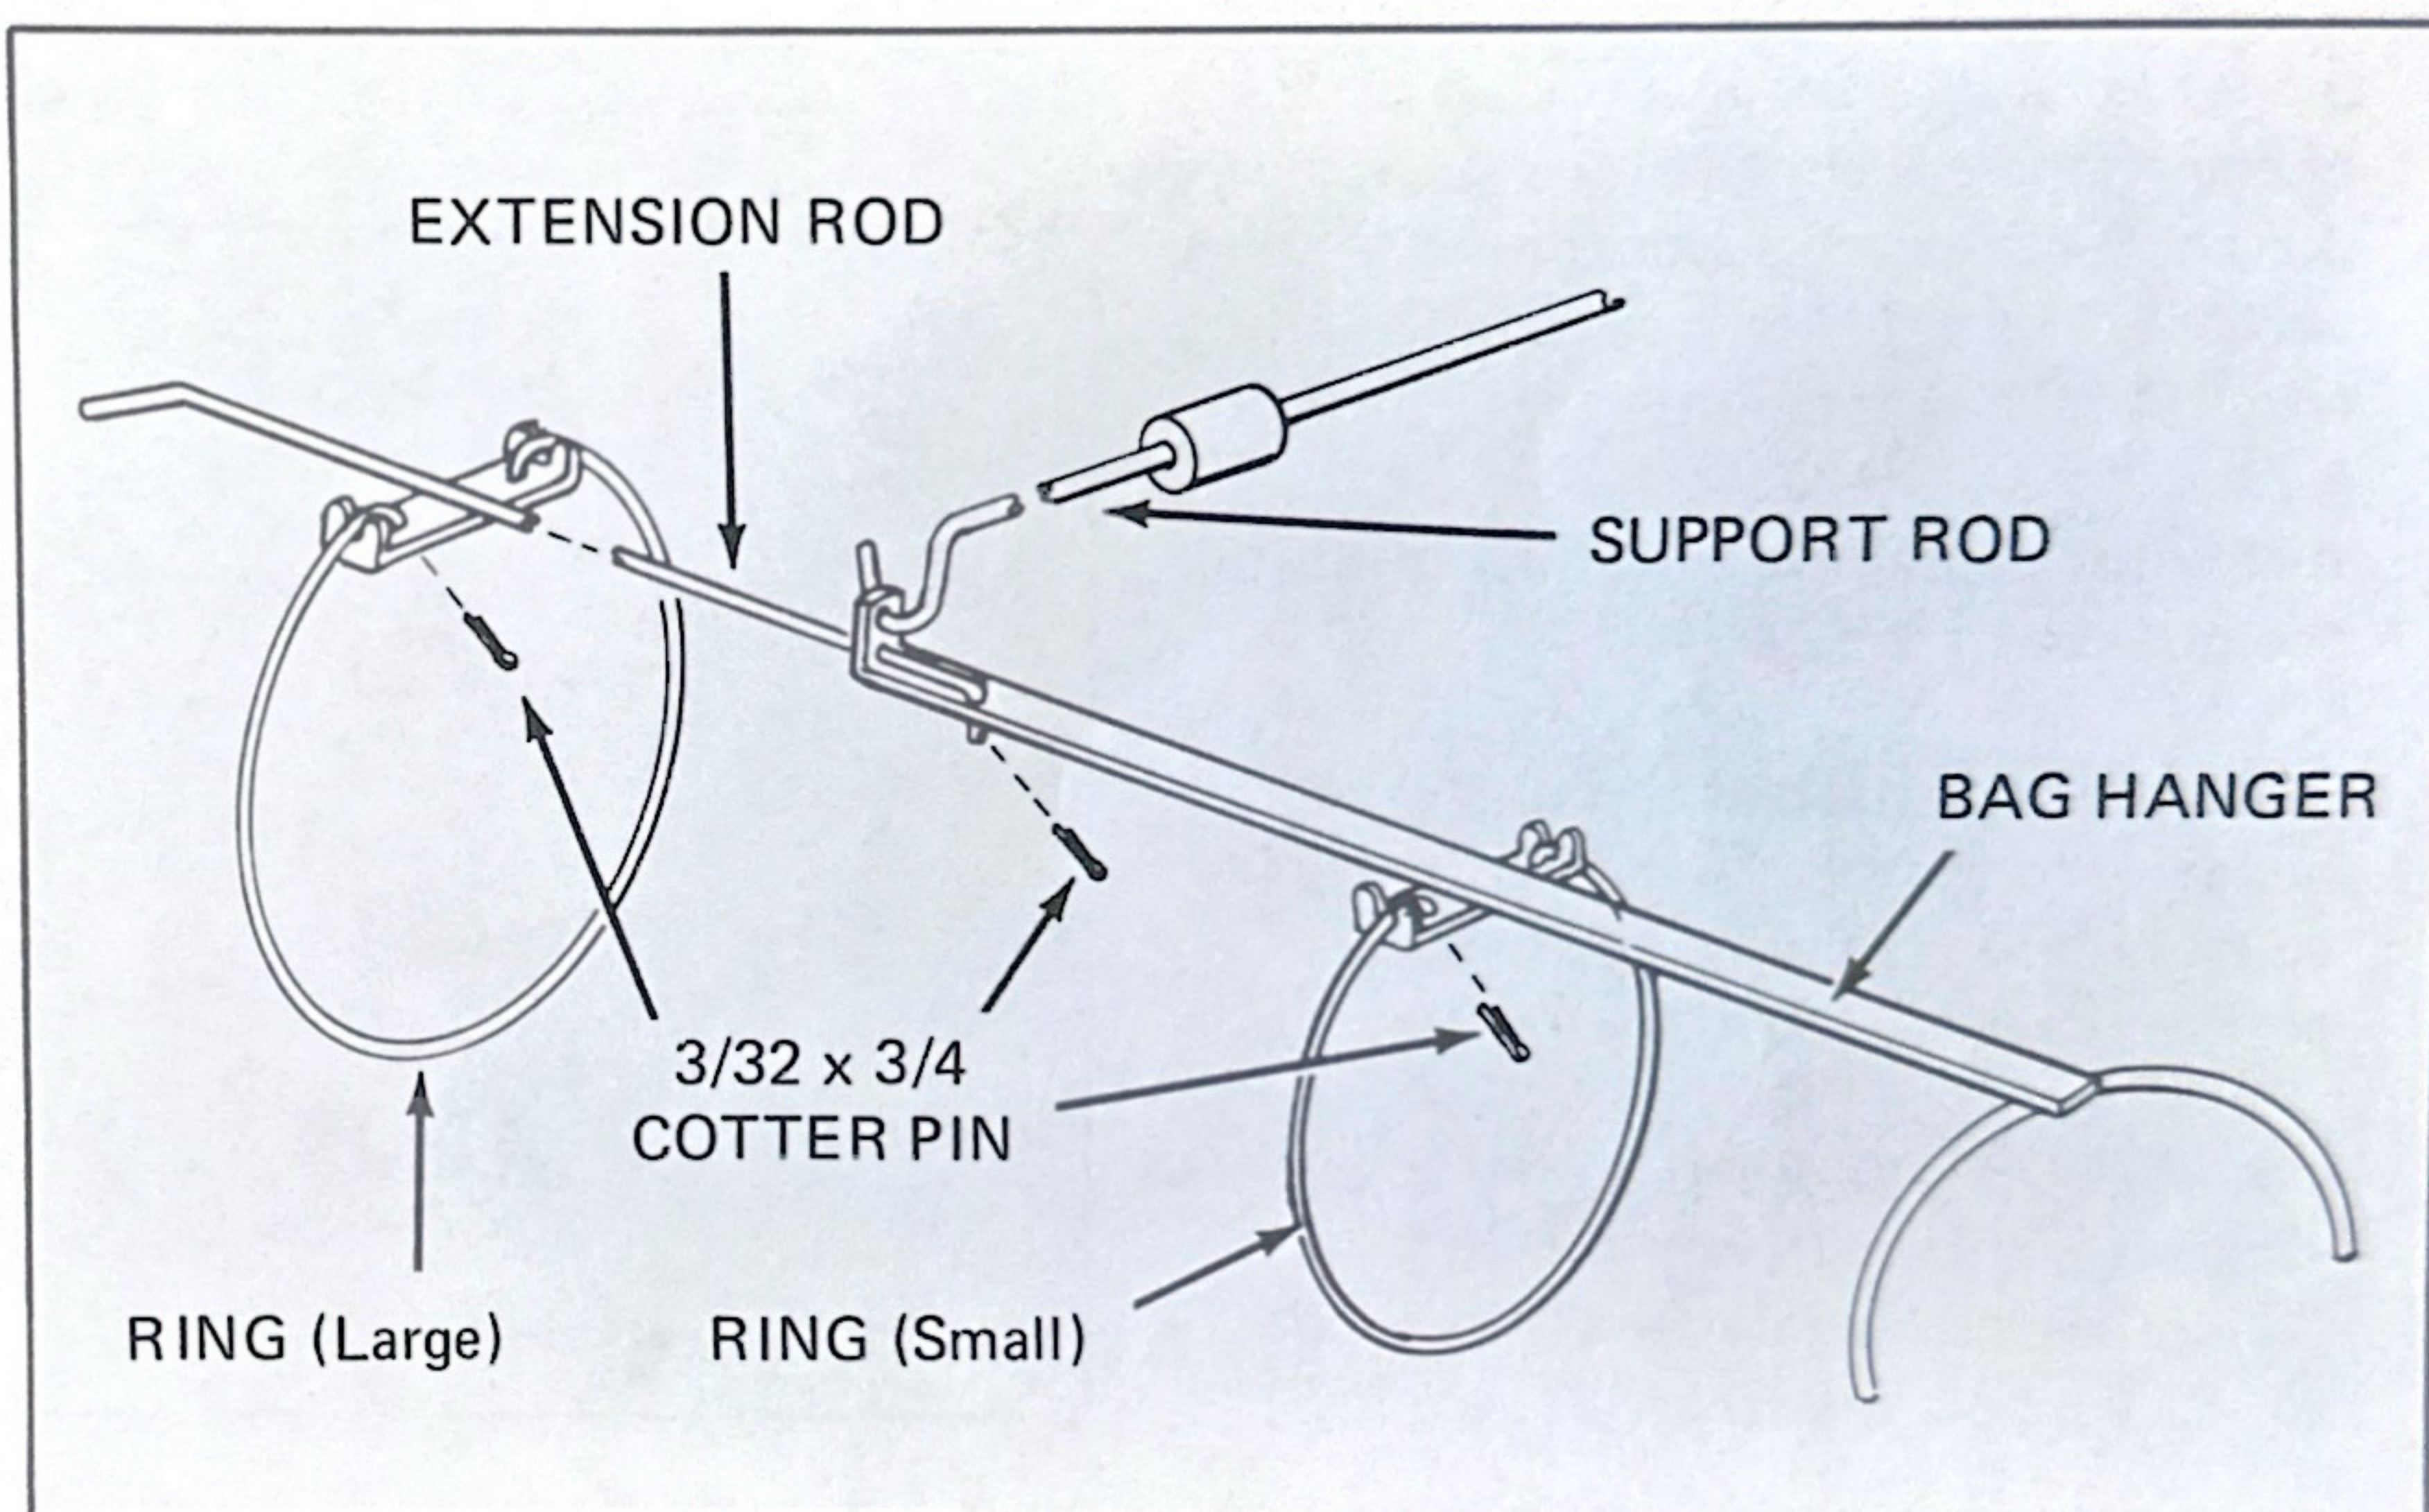

3. Place the hooks of the larger diameter ring into the holes of the ring support on the end of the assembly. Position the ring into the slots of the ring support. Secure with 3/32 x 3/4 cotter pins. See sketch.

4. Insert the above bag hanger assembly into the leaf bag through the zippered end. The half ring should be inserted first.

5. The 90° leg of the bag support assembly must extend through the opening in the top of the bag. The large hole

in this leg should be placed over the hook of the bag hanger.

6. Install the bag onto the discharge chute. The half ring should seat on top of the discharge chute just forward of the flange.

REF. NO.	PART NO.	DESCRIPTION	NO. REQ'D.
1	1726793	Extension Rod	1
2	1726790	Bag Hanger.	1
