TROY-BILT™/Bolens.

Owner/Operator Manual

42 Inch Snow Blade Attachment

Models

14007

Serial Numbers 140070100101 and up

©1992 GARDEN WAY, INC.

FORM 1765518 (9/92)

OPERATION

To raise and lower the blade: Pull lift lever back to raise blade. Push lift lever to lower blade.

To adjust blade angle: Pull back the spring loaded latch pin (M, Figure 4). Turn the blade to desired position.

To adjust blade height: Adjust blade shoes (N, Figure 5) by loosening nuts and raising or lowering blade shoe to desired position. On rough or uneven surfaces, operate blade at a higher position.

To pile snow: Set the blade angle perpendicular to tractor (straight across). When pushing snow to the area you wish to pile, gradually lift blade. The blade will dump the snow as it moves up and over the pile.

NOTE: For best performance, wheel weights and chains should be installed on the tractor while using this blade attachment. Contact your dealer for kit interchangeablility.
